BERTELSMANN

WELCOME TO THE 6th SERIALIZATION SYMPOSIUM!

Bertelsmann Premises, Unter den Linden 1

It is a place where people meet who are fascinated by a building that on the outside tells the story of centuries past, yet reveals a surprisingly modern world within; for opinion makers from politics, business and science to enter into conversation; and for media creators and authors to discuss their work with a critical audience. In short, Unter den Linden 1 has become an institution in the cultural and social scene of Berlin.

Please note:

We offer exciting topics in two conference rooms. You have the option to choose between the individual slots for a topic and are able to change the conference room.
